

ATTACHMENT C

Staff has proposed that the City of Sunnyvale will actively pursue the following conservation methods at times during the next twenty-five (25) years, generally in conjunction with Santa Clara Valley Water District (SCVWD), the Bay Area Water Supply and Conservation Agency (BAWSCA), and San Francisco Public Utilities Commission (SFPUC). See list of 32 possible conservation measures for longer description of selected measures, and other possible measures available.

Measure No.	Description of Conservation Activity
1	Residential Water Surveys
2	Residential Retrofits
3	Large Landscape Conservation Audits
5	Clothes Washer Rebate (Homeowners)
6	Public Information Program
7	Commercial Water Audits
8	Ultra Low Flow Toilet and Urinal Rebates
9	Residential Ultra Low Flow Toilet Rebates
20	Rebate Efficient Clothes Washers (Apartments)
22	Restaurant Low Flow Spray Rinse Nozzles
